Howie Schwartz, the "mad traffic scientist" has topped himself AGAIN.
Here his new offer (to his subscribers/clients only):

"I'm Re-Opening My Best Money Making Products Of The Year
And Even Giving You An Additional \$5000.00 In Bonuses!"

This one is for everyone who wants to go to the next level:

This is not the usual kind of offer you find promoted by every guru and their followers. There is not a single offer to learn the cutting edge of traffic and business building for real life results than this one from Howie.

Personally I listen only to Howie when it comes to traffic, but not only traffic. He is also the best one to show hundreds of ways to evaluate the profitability of a market as well as exploiting that markets for maximum profits. He teaches the easiest ways to leverage your efforts and his approaches are every time fresh and most powerful = real results!

You want to dominate the first page on Google or you want to dominate a specific niche or conversation? Not make \$100's a day, but \$1000's and 10.000's? His are the only strategies of which I know that can make it happen for the average person without spending a dime on PPC or other adverts.

I'm going to print here his personal very time limited special offer for subscribers, but if you are not determined to take action and really go to the next level with your business, then better save yourself the frustration as well as your time and money. Is it not frustrating to see how others take over your Google rankings and pull all kinds of traffic from web 2 properties?

Okay, here is his letter to me as his client (I just high light major points and please read my personal tips after that):

"Hi, it's Howie:). I'm about to take a little vacation with some friends. But before I go, I'm re-opening some of my best kept secrets to dominating Google for this week only.

AND, when you buy **any 2 products** listed on this page, I'm also going to send you **\$5000.00 in off the market BONUS content!**

I didn't put direct links (you get them below) because I like to give you some tips here to save you time and money.

1. If you're on a budget, just choose [Howie's Bathroom Bonanza](#) (special price offer with a huge amount of content and [Black Hat Is Back 2](#) (includes powerful software to find the most useful web 2 properties for your niches you can't get anywhere else). Check them out. Both of them are a multiple value of what the tags say! And, do you know that he's got a 5 years guarantee?
2. If you're eager to work with your local market businesses, you have to choose **IM Leadership** which is an investment of \$1297 or 3 payments of \$497. I'd advise you to go through [Howie's Bathroom Bonanza](#) first which is \$47 and take IM Leadership as an upsell for \$997 – remember there is only one spot left right now.
3. If you're interested in the **Online Profit Workshop**, you can get it directly from [here](#) for \$247 or you can get it through [Water Fire Sale](#) for just \$77.
4. **Sustainable Traffic Workshop 5** is a live workshop for \$3000, but you can get a previous recorded one for \$77 with [Water Fire Sale](#).
5. **Howie's Private Mastermind** is only available for his existing customers.
6. [Black Hat Is Back 2](#) is one of his best programs including an incredible piece of software to see how much traffic any web 2 property can pull in and to find those upcoming properties to be the first one to use it.

If you just want to get his latest gifts, better hurry because he's taking this all away as soon as his new "SECRET" gets delivered . . .(you'll understand

Look out for my next email near weekend or beginning of next week because I'm preparing a very popular product with a special tweak for you to promote as my JV partner.

If you like to learn **copy writing**, I found a great steal with [Jo Han Mok](#) With that trial you can't go wrong.

Thats it for today (and most probably the weekend).

PS: I'm usually not promoting network marketing opportunities, but My Music Ticket holds a very interesting potential. Some of my friends are insiders and started a downline builder to optimize the profits you can earn with this site. You can read more about it in my last pdf [Get-Started1 here](#).
